

Contact us today for an on-site demonstration

VyperSoft is pleased to announce the launch of VyperSoft ADMS AIR! In order to serve a wider range of agencies providing multiple services in addition to DSP, we are now offering ADMS AIR, a web-accessible version of our Client Server-based ADMS Document Management and Record Management Software. ADMS AIR is the answer for those agencies supporting Group Homes and/or Residential Support services requiring information management at any time, day or night, from any location with an Internet connection.

VyperSoft is growing to meet our customers expanding needs. We have new data center in Cartersville, GA, a newly redesigned website and now our new product offering in ADMS AIR. Please scroll down for more insight into several new features included in ADMS AIR and if you haven't already taken the opportunity to explore our new website, please click here ---> <http://www.vipersoft.com> or call Kimberly @ 770-480-4247 (855-245-0227) to schedule an on-site demonstration!

ADMS FEATURE SPOTLIGHT

Skin Integrity Record:

The new Skin Integrity Tab features a clickable body chart and a multitude of selectable skin conditions, a place for notes that supports multiple notes from independent logins. This is extremely helpful when multiple staff members are supporting the same individual. There is also an area to upload pictures to the record.

Skin Integrity Review
Haney, Kimberly
Acct #: 080119602

Review Date: 5/13/2014

New Features

VyperSoft Partners with FlexMAR to Provide eMAR Support

Medical Care Management Perfected.

FlexMAR is a very affordable eMAR that is a deeply integrated and flexible approach to precision medication

pass management. Far beyond the capacities offered by our own MAR located in the Medical tab of ADMS or even other eMAR's available on the market today, FlexMAR provides a seamless connection to directly connect with the Individual's Pharmacy, Immunizations and Vaccinations, Dietary Orders, Tube Feeding tracking, ADL tracking, Controlled substance management, Injection credentialing and tracking, Nursing Notes, Nursing Cases and Behavior Management. We will be highlighting FlexMAR in our July newsletter, so stay tuned for more details on this exciting new product offering for comprehensive electronic Medication Administration record-keeping.

- All information is captured in a comprehensive and HIPAA secure record.
- Generates in depth reporting in real time.
- Visual charts of Med-Pass progress for management and nurses.
- Safeguards in place to allow only authorized staff pass specific meds.
- Tracking charts of client's compounding of medications.
- Each patient record provides extensive information, including the patient's allergies, medical histories, the med's side effects and pass transaction history.
- An easy-to-use interface that will have your staff up and running quickly.

About ADMS

VyperSoft's Agency Data Management System was developed with the assistance of agency coordinators to make it one of the most complete and user friendly solutions on the market today.

A complete electronic records management system, your data stays in your agency for security and reliability.

No IT Department...No Problem

VyperSoft
475 E. Main Street
Suite 301
Cartersville, Georgia 30121

Phone: 855-245-0227
Web: VyperSoft.com

When you purchase VyperSoft's ADMS, you do not have to worry about any of the installation or the maintenance of the installed equipment.

Your annual support fee covers everything...and we do mean everything. Should any item of the installed hardware fail, we will send a technician out to replace it.

Get your agency on Electronic Documentation today without breaking your budget.
