Upcoming Events

VyperSoft is pleased to support the efforts of provider education for all DD Providers.

Special invitation for all Support Coordinators in Region 3 & 6 to attend a Lunch & Learn for VyperSoft ADMS.

- **May 21, 2014 12:00PM - 2:00PM**
- **Carroll County Training Center in Region 6, 200 Alton Estes Drive, Carrollton,**

GA

This is a great opportunity for Support Coordinators to let us know what features of our software would be most helpful to them in their daily workflow. We welcome attendance by everyone and request that Support Coordinators RSVP to kimberlyhaney@vypersoft.com

Please join our partner, Walton Community Services for an informative Provider Seminar:

Provider Seminar: What it takes to be compliant and meet DOJ Inspections for DD

- Thursday, June 19th, 2014 10:00am – 3:00pm
- Presenter: Deborah Walton MSN, RN, MSHA, CEO
- Walton Community Services Inc 561 Thornton Rd. Suite Z Lithia Springs, GA

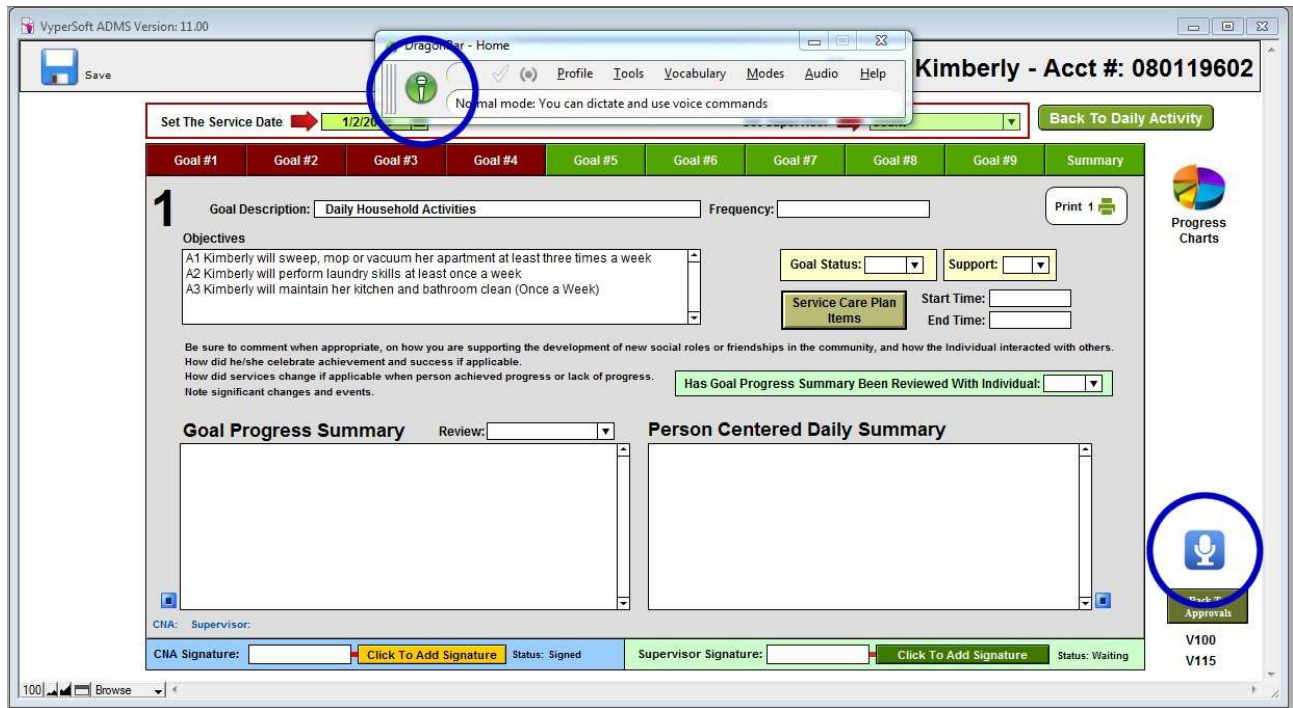

Click below to register for this informative seminar:

ADMS FEATURE SPOTLIGHT

PERSON-CENTERED PROGRESS NOTES NOW SUPPORTS SPEAK-TO-TEXT

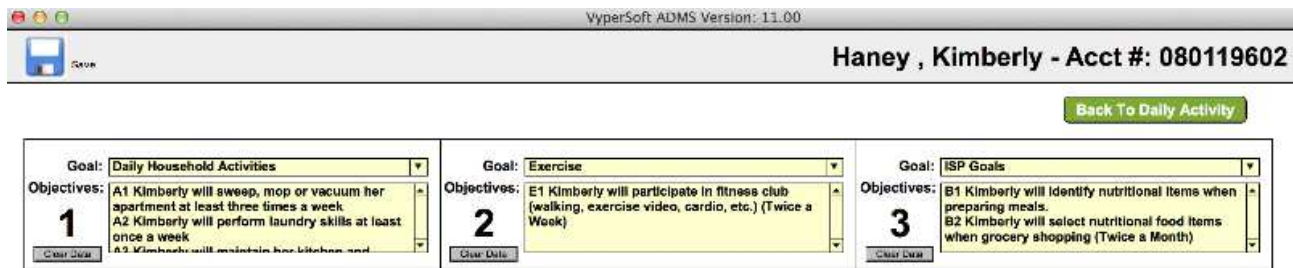

Do you have slow typists or those who tend to type like they text on their smartphones? Now your staff can quickly and efficiently "speak" their daily note entries into VyperSoft ADMS! **Dragon Naturally Speaking** is a voice recognition speech-to-text software designed to accurately transcribe the voice of a single speaker. Create multiple profiles if you have more than one staff member using the same computer - ideal for group homes! We configure each computer with a microphone or headset on each ADMS Workstation.

New Features

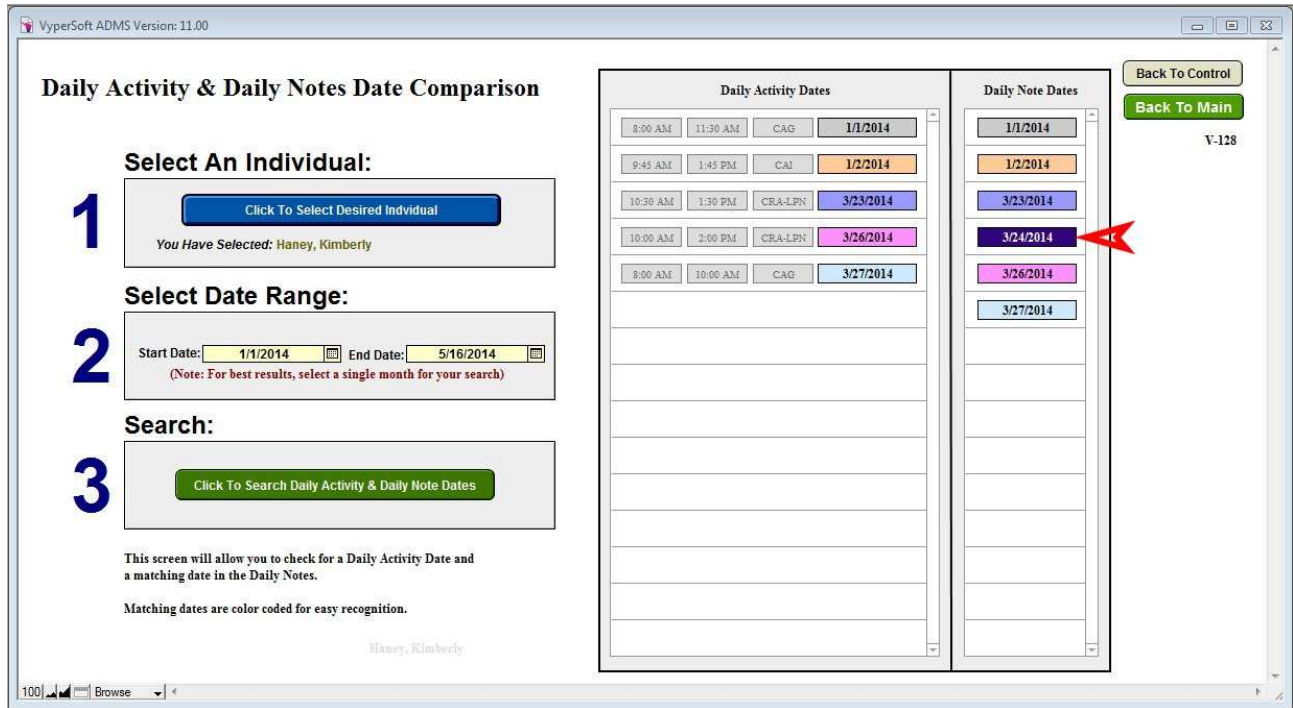

Entering Goals from the ISP

VyperSoft ADMS now has the ability to copy the EXACT text from the Individual Service Plan, eliminating many errors that can occur from transcribing. This is done one time, after receipt of the individual's final ISP.

Daily Activity & Daily Note Date Comparison

Customers recently requested the ability to "match" Daily Progress Notes to the categories selected on the Daily Activity Screen. VyperSoft ADMS developed a ONE CLICK report that lines up the Daily Activity Dates with a Progress Note date, color coding each for easy reference. In the screen capture below, notice on the right hand side (Daily Progress Notes) has a date of 3/24/14 that does NOT have a corresponding Daily Activity. Now Supervisors can easily check an individual's record to make sure there are corresponding Daily notes for each Activity recorded.

About ADMS

VyperSoft's Agency Data Management System was developed with the assistance of agency coordinators to make it one of the most complete and user friendly solutions on the market today.

A complete electronic records management system, your data stays in your agency for security and reliability.

No IT Department...No Problem

When you purchase VyperSoft's ADMS, you do not have to worry about any of the installation or the maintenance of the installed equipment.

Your annual support fee covers everything...and we do mean everything. Should any item of the installed hardware fail, we will send a technician out to replace it.

Get your agency on Electronic Documentation today without breaking your budget.

Visit our website today to learn more about ADMS (Agency Data

Management System), and to schedule an on-site demonstration...www.VyperSoft.com
